2000 Analytical Review DWCCA-80-PJL

Dear Ms. Torgerson:

The Public Service Commission staff is in the process of completing an analytical review of your utility's 2000 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that this review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

1. During our review, we noted that in Account 233, Payables to Municipality on page F-18, you reported \$142,047 described as wages and overhead paid by municipality. Account 233 should only contain amounts that are subject to current settlement. Amounts that will not be repaid should be written off to Account 434, Miscellaneous Credits to Surplus, after approval by the municipal body. Amounts that will be repaid, but over a longer period of time, should be reclassified to Account 223, Advances from Municipality. Please confirm that none of the dollars in Account 233 were carried over from previous years.

2. During our review, we noted that the utility did not report any local and school tax equivalent on meters charged to sewer department, (Account 408). If the sewer department uses the water meter to measure sewer volume, all the water meter costs must be shared, including depreciation, return on rate base and taxes. Please review Section 4, Pages 10 and 11 of the Water Utility Reference Manual (enclosed) and properly allocate all water meter costs for 2001. We also noted that it is indicated on the Identification and Ownership page that sewer service is not rendered by the utility. Please confirm that sewer service is rendered by the utility and that the indicator will be changed in the 2000 report.

3. Wis. Admin. Code § PSC 185.76 requires periodic testing of customer meters to ensure their accuracy. Meters 1 inch or smaller shall be tested at least every 10 years, meters 1½ to 2 inches every 4 years, meters 3-4 inches every 2 years and meters over 4 inches every year. Your 6 inch water meters do not appear to have been tested at the appropriate frequency in recent years. If these meters are inaccurate, considerable revenue is lost. The Commission recommends that these meters be tested during 2001. Please make every effort to bring your utility in compliance with the Wis. Admin. Code or provide reasons why your testing periods should be extended. If you

Subject: Analytical Review, Alma Municipal Water Utility, DWCCA-80-PJL

I am writing on behalf of the Utility in response to your letter dated October 18, 2001. The following items should answer your questions:

1. Of the amounts in account 233 at 12/31/00, \$108,603 were for 12/31/99 and previous years and \$33,444 was incurred in 2000. All costs are for labor and related overheads expensed by the Water Utility, but paid out of the general fund. The Utility will reclassify the entire \$142,047 into account 223, Advances from Municipality. The board will also decide whether these amounts will be repaid or written off. This will leave account 233 at \$0 at 1/1/01. For 2001, costs incurred will be correctly classified.
2. Water meter costs will be properly allocated to the sewer utility in the future. The question on the Identification and Ownership page asking "Is sewer service rendered by the utility?" will be changed to yes since the municipality does operate a separate unregulated sewer utility.
3. The Utility will comply with Wis. Admin. Code Sec. PSC 185.76 requiring periodic testing of meters in the future.

~~Please do not hesitate to contact me if you have any further questions.~~

### Water Utility Plant in Service (Page W-08)

THE PLANT ADDITIONS OF \$30,695 IS FOR THE COST OF REMANUFACTURING THE UTILITY'S TWO PUMPS. THIS WAS FINANCED BY THE UTILITY'S RETAINED EARNINGS. THE AMOUNT ADDED TO SERVICES ARE COSTS TO REPAIR (AND EXTEND THE LIFE OF) A VALVE. THERE ARE NO NEW SERVICES ASSOCIATED WITH THIS EXPENSE.

---

### Water Services (Page W-16)

THE AMOUNT CAPITALIZED IS FOR A NEW VALVE. THERE WERE NO NEW SERVICES ADDED DURING THE YEAR.

---

### Meters (Page W-17)

NO METERS WERE TESTED DURING THE YEAR. THE UTILITY'S POLICY IS TO REPLACE METERS IT BELIEVES NO LONGER WORK WITHOUT TESTING THEM.
